MANAGEMENT DISCUSSION & ANALYSIS REPORT:

The Board takes pleasure in presenting your Company's 24th Annual report for the year 2014-15 along with the compliance report on Corporate Governance.

INDUSTRY STRUCTURE & DEVELOPMENT:

Sponge iron is an intermediate product as source of metalics for electric steel making. Other sources of metalics are either steel scrap or pig iron from Blast furnace.

The Sponge iron industry in India is divided into two types, those who are integrated with steel making and those in merchant sector. Suraj Products Limited belongs to the merchant sector.

In the Modern Eeconomy Steel is a vital component to the development. The strength of steel industry shows the growth & development of all major industrial economies. Consumption of steel is a significant indicator of socio-economic development of the people of the country. Since incubation period for setting up integrated steel plants is large, the growth in demand of steel during the year was met generally by secondary steel sector or through import of steel. One of the sources of metallic's for secondary steel making sector is sponge iron and pig iron. Sponge iron industry, therefore, witnessed continued development for its product during the year. The trend is likely to continue in future.

COMPANY'S PERFORMANCE:

Gross Turnover : ₹ 1,027,959,365 Profit before Taxation : ₹ 37,675,001 Profit after Taxation : ₹ 25,282,556

OPPORTUNIES, THREATS & FUTURE OUTLOOK:

a) OPPORTUNITIES:

Growth in the steel demand has strong correlation with growth in GDP of Nation. The Indian economy was expected to grow at a growth rate of 7 % of GDP but unfortunately the same could not happen. As a result the steel demand is unlikely to grow at expected pace. The demand for sponge Iron in medium term shall be at healthy level due to closure of many sponge iron plants for want of iron ore. Increase in price at international market and unavailability of quality scrap provides huge opportunities for growth

of Sponge Iron industry. Company is located in Orissa which has abundant stock of Iron ore and coal, the basic raw material for sponge iron industry & hence is ideally located to take advantage of the growing demand.

b) THREATS:

The cost of iron ore and coal constitute more than 80% of cost of production. Therefore the profitability of the Company depends on market price of these raw materials. The only way to reduce the cost of iron ore and coal is to have captive mines for these raw materials, which the company does not have. The emergence of large players may pose threat due to their economies of scale.

RISK AND CONCERN:

Increasing trend in raw material prices and non-availability of good quality raw material is the area of concern for the Company. Company is keeping close watch on these and taking appropriate steps timely.

SEGMENT- WISE/ PRODUCT- WISE PERFORMANCE:

During the year, the Company produced 28,955 MT of sponge iron compared to 28.703 MT in the previous year. The production of pig iron for the year was 12,151 MT as compared to last year's production of 11,664 MT

Sales of sponge iron during the year totaled to 29,084 MT in compared to 29,566 MT in the previous year. Pig iron sales during the year totaled to 12,109 MT in comparison to last year's sale of 11,668 MT. Due to higher price of coke, the production of pig iron was adversely affected. Company is continuously focusing on the quality consistency and better marketing strategies.

INTERNAL CONTROL SYSTEM & THEIR ADEQUACY:

The company has adequate and effective internal control system commensurate with its size and nature of business to provide reasonable assurance that all assets are safeguarded, transactions are authorized, recorded and reported properly, applicable statutes, the Suraj Products Limited code of conduct and Corporate policies are duly complied with Internal audit and other control are reviewed periodically by Audit Committee.

HUMAN RESOURCES:

Company possesses good quality of human resources. The Board wishes to place on record its appreciation for the sustained efforts and devoted contribution made by all the employees for its success.

DISCLOSURES UNDER SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION & REDRESSAL) ACT, 2013:

The Company is committed to provide a safe and conducive work environment to its employees. During the year under review, no case of sexual harassment was reported.

SAFETY MEASURES:

Suraj Products Limited has taken the following initiatives during the year in order to safeguard the health of the workers:

Unsafe conditions in the plant are regularly inspected by the safety committee and deficiencies are attended immediately.

SAFETY TRAINING:

Training of various Safety Standards are imparted to all employees.

HEALTH CHECK-UP:

About 40 Medical Camps with qualified and experience medical practitioners were conducted in nearby villages and about 2000 patients availed the service.

CAUTIONARY STATEMENT:

Actual results could differ materially from those stated above. Important factors that could make a difference to the Company's operation include, among others, economic condition affecting demand/supply and price conditions in the market in which the company operates, changes in Government regulations, tax laws and others statutes and incidental factors.

SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation of Financial Statements:

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. GAAP comprises mandatory Accounting Standards as prescribed under section 133 of the Companies Act 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified) and guidelines issued by Securities Exchange Board of India (SEBI). Accounting Policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the economic policy hitherto in use.

B. **Use of Estimates:**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and amounts of assets and liabilities and disclosure of contingent liabilities at the date of financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ.

Recognition of Income & Expenditure:

Sales are recognized, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Expenses are accounted for on accrual basis and provision is made for all expenses. Interest income is recognized on time proportion basis taking into account the amount outstanding and

rate applicable.

Fixed Assets & Depreciation:

Fixed Assets are stated at cost net of recoverable taxes and includes amount added on revaluation, less accumulated depreciation and impairment loss, if any. All costs, including financing costs till commencement of commercial production are capitalized.

 Refractory Assets are depreciated over the useful life of four years based on estimates approved
- c) by the management.
- d) Depreciation useful lives and residual values are reviewed periodically, at each financial year end.
- The carrying amount of assets whose remaining useful life is nil after retaining the residual value of five percent where available has been adjusted against retained earnings.
- No depreciation is charged on the assets disposed off / discarded during the year.

Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes and includes amount added on revaluation, less accumulated depreciation and impairment loss, if any. All costs, including financing costs till commencement of commercial production are capitalized.

E. **Investments:**

If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss, except in case of revalued assets.

K. Earning Per Share:

N. Cash Flow Statement
